

# NPDRR 2023

Over the years India has been able to establish a holistic Disaster Risk Reduction (DRR) apparatus at National State and District levels. The legal framework and the institutional structure are gradually taking root in dealing with disaster risk management. Disaster Risk Reduction being a cross-cutting development issue requires political and legal commitment, scientific knowledge, careful development planning, application of technology, law enforcement, community participation, early warning systems and effective disaster preparedness and response mechanism. There is a need to foster an enabling environment for developing a culture of prevention and to enable concerted measures to facilitate the integration of disaster management into developmental planning in various sectors and at all levels, from the National to the local, through a participatory decision-making process. In pursuit of this goal, Government of India has constituted a multi-stakeholder National Platform for Disaster Risk Reduction (NPDRR) vide Government's Resolution No.47-31/2012-DM-III dated 26th February 2013. The National Platform aims to bring together the whole range of India's disaster risk community from Government, Parliamentarians, Mayors, Media, International Organizations, NGOs, local community representatives, scientific and academic institutions and corporate businesses etc. It will help in sharing of experiences, views and ideas, present Findings of research and action and explore opportunities for mutual cooperation in the Field of Disaster Risk Reduction. The output from the National Platform will offer a strategic direction and a road map for the formulation of our future National Action Plans on DRR.

There will be an extensive exhibition during the event, which is an excellent platform for companies/organisations and stakeholders working in the area of Disaster Risk Reduction / Climate Change/ Environment/ Water & Sanitation / Security & Surveillance/ Drones, UAVs, ROVs/Early Warning Systems /Occupational Health & Safety/Remote Sensing & GIS/ Clean Energy / Rescue & Rehabilitation / Fire & Safety Services / IT & Artificial Intelligence/ Ready to Eat Food and other

Essentials / Emergency Lighting/ Power Generation/ Solar Powered Batteries/ Protective Clothing (PPE)/Emergency Transportation/Telecommunications / Disaster Resilient Infrastructure/ Light Weight Structures/ Temporary Shelters etc. to showcase their products and services to eminent dignitaries and stakeholders from all over the country.

## EXHIBITORS' PROFILE

- Relief and Rescue Equipment
- Fire Safety & Surveillance Equipment
- Drones/UAVs/UGV/Unmanned Solutions
- Early Warning Systems
- GIS and Remote Sensing Technologies
- Occupational Safety & Security
- Access Control
- Private Security Agencies
- Medical & Healthcare
- Information Technology and Cyber Safety
- Artificial Intelligence & Robotics
- Clean Energy
- Water, Sanitation and Hygiene
- Emergency Lighting and Power Generators

- Startups
- Defence
- Transport & Communications
- Ready to Eat Food and other Essentials
- NGOs/CSO's/ Humanitarian Organization's
- UN Agencies
- Inter-Governmental/Multi-lateral Agencies
- Disaster Resilient Infrastructure
- Nature Based Solutions
- Light Weight Structures
- Temporary Shelters

## STALL INCLUSION

- 3 \* 3 Sq mtr Stall (Total Real 9 Sq mtr)
- 1 Table
- 2 Chairs
- 2 Power Point
- 2 Spot Lights
- Dustbin

## NOTE:

1. Exhibitor Profile Selection/Finalization is subject to approval by the competent authority.
2. The organizers will reserve the right for allocation of stall space. However, due consideration will be given to the choice and requirement of applicant.
